- **2022 PLM Contracts:** This has been mailed. We need to have them signed by Russ Boverhuis and Jason Herfel by February 15. Note that the only change made to the contracts was a limited selection of chemicals due past success rates. PLM has increased the price of the survey by \$110.00. Jason made a motion to approve the rate increase. Lori seconded it. Motion was carried.
- **2022 Crow Wing County AIS Plans:** Russ noted that ELRA was highlighted twice in their end of the year meeting. First, we were noted for checking our public docks and secondly for not having any Eurasian Milfoil in our lakes. They also mentioned that Pelican Lake is experimenting with a copper treatment and Mission Lake spend \$32,000 on Eurasian Milfoil treatment this past year. On another note, all lake associations are getting \$500 less this year. Last year we all received \$3000 and this year it will be reduced to \$2500.
- **Water Improvement Plan:** Russ emailed all of us a copy of the Serpent Lake Association water improvement plan and asked us to review it before the next meeting in April. He also requested that we review the Dam Leakage Report which can be found on the City of Emily's website. You can find it under the Government section under announcements you will find the Lake Outlet Modification and Lake Plan Analysis. Please use the winter months to review these two reports and come to the April Meeting with ideas for a Lake Quality Report for ELRA.
